

# iPad Specifications

What device does my child need?

Every EDW student needs an iPad for daily class use, which must only have WiFi capabilities and cannot include 5G/LTE or cellular options.

Which model iPad is sufficient?

The iPad needs to be either of the models listed below, or any newer model released by Apple after publication of this document:

- iPad Pro 13 inch (M4)
- iPad Pro 11 inch (M4)
- iPad Air 13 inch (M2)
- iPad Air 11 inch (M2)
- iPad (10th generation)
- iPad Mini (A17 Pro)

How much storage does the iPad need?

At least 64 GB of storage is needed; larger storage is recommended.

Is the iPad mini ok?

Yes, but since the device will serve as both a notebook and a textbook, the student may need more workspace than the mini provides.

What else does my child need with the iPad?

Earbuds are required. AirPods are allowed- no bulky headphones. Wireless Bluetooth keyboard, Apple Pencil, and cases are strongly encouraged.

What's next?

Every parent must attend an iPad training, with details available in spring. Student iPad training will occur once school begins.
